**CURRICULUM AND CREDIT FRAMEWORK FOR UNDERGRADUATE
PROGRAMMES UNDER NEW EDUCATION POLICY NEP-2020
(For 1st and 2nd Semester students only)
INTRODUCTION**

The National Education Policy (NEP) 2020 recognizes that higher education plays an extremely important role in promoting human as well as societal well-being and in developing India as envisioned in its Constitution—a democratic, just, socially conscious, and humane nation upholding liberty, equality, fraternity, and justice for all. It 2020 notes, "Given the 21st-century requirements, quality higher education must aim to develop good, thoughtful, well-rounded, and creative individuals."

The NEP 2020 states, "Assessments of educational approaches in undergraduate education that integrate the humanities and arts with Science, Technology, Engineering and Mathematics (STEM) have consistently shown positive learning outcomes, including increased creativity and innovation, critical thinking and higher-order thinking capacities, problem-solving abilities, teamwork, communication skills, more in-depth learning and mastery of curricula across fields, increases in social and moral awareness, etc., besides general engagement and enjoyment of learning."

Further, it also recommends that "the undergraduate degree will be of *either 3 or 4-year duration, with multiple exit options within this period, with appropriate certifications.*"

In accordance with the NEP 2020, the UGC has formulated a new student-centric "Curriculum and Credit Framework for Undergraduate Programmes (UGC-CCFUGP 2022)" incorporating a flexible choice-based credit system, multidisciplinary approach, and multiple entry and exit options, which will facilitate students to pursue their career path by choosing the subject/field of their interest.

CHOICE BASED CREDIT SYSTEM (CBCS) (only for BA/B.Com. 2nd & 3rd Year)

Choice based Credit system (CBCS) for UG Classes under Rashtriya Uchchatar Shiksha Abhiyan (RUSA) was introduced in the year 2013, wherein the courses are measured in terms of credits. Further in the year 2016 the new Choice based credit System was introduced in accordance with UGC guidelines. The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade point average (CGPA) based on student's performance in the examinations, the UGC has formulated the guidelines to be followed.

1. **Discipline Specific Core Course (DSC):** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.

2. **Elective Course:** A course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective course.

(i) **Discipline Specific Elective Course (DSC)** (2 each for regular courses): Elective courses offered under the main discipline /subject of study is referred to as a Discipline Specific Elective.

(ii) **Generic Elective Course (GEC):** An elective course chosen from an unrelated discipline/subject with an intention to seek exposure to other subjects/disciplines is called a Generic Elective Course.

3. Ability Enhancement Course (AECC):

(I) Ability Enhancement Compulsory Course (AECC): Environmental Science, English Communication/MIL communication.

(ii) Skill Enhancement Courses (SEC) Minimum 4: These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge and should contain both theory and lab/hands-on/training/field work.

Duration (Time Frame): The UG programme is for a minimum period of three years and a maximum of five years from the date of admission of the candidate.

Credits: The term 'credit' refers to the weightage given to a course, usually in terms of the number of instructional hours per week assigned to it. This explains why usually 'credit' is taken to mean 'credit hours'. The credits also determine the volume of course contents and delivery of programme such as lectures, tutorials, practicals, assignments, etc.
