

Orientation Programme of Red Ribbon Club for New Entrants

The Red Ribbon Club (RRC) of Government Degree College Dehar successfully organised an Orientation Programme for the newly admitted students on August 18, 2025 in the Room N. 03. The event was held under the chairmanship of the Principal, Dr. J.P. Singh. The programme was efficiently coordinated by Prof. Meera Sharma, Nodal Officer of the Red Ribbon Club and Convener of the event. In her welcome address, Prof. Sharma highlighted the objectives of RRC, which include creating awareness about HIV/AIDS, promoting voluntary blood donation, and encouraging healthy lifestyles among youth. She introduced the newly elected office-bearers of the club for the current session and expressed confidence that the team would take the club's initiatives to greater heights.

The newly elected student executive body was formally introduced and felicitated during the programme. Miss Anu (BA 3rd Year) took oath as President of the Red Ribbon Club. Mr. Ajay (BCom 2nd Year) was elected Vice-President, Miss Sarita (BA 2nd Year) assumed the responsibility of Secretary, and Miss Rajani (BA 2nd Year) was appointed Joint Secretary. The new team shared their vision and assured full commitment towards organising awareness campaigns, peer education sessions, blood donation camps, and other community outreach programmes throughout the year.

The orientation included an information on the Red Ribbon Club's past activities, its affiliation with the National AIDS Control Organisation (NACO), and the various year-round initiatives such as blood donation camps, peer education training, rallies, and street plays. New members were encouraged to actively participate and volunteer for upcoming events, especially the World AIDS Day programme scheduled for December 1. The session concluded with an interactive question-answer round and the distribution of red ribbons among the freshers as a symbol of solidarity and commitment to the cause. The programme received an overwhelming response from the new students, many of whom immediately registered as members of the Red Ribbon Club, marking a promising beginning for HIV/AIDS awareness activities in the new academic session.
